

GETTING TO LIFE AT THE PERKINS BUILDING

LIFE meets in 612A on Level 6 of the (Harry) Perkins Building at the Queen Elizabeth II medical campus, where Sir Charles Gairdner Hospital and the New Children's Hospital are also located.

The Perkins Building is in the centre of the map below (Ref 2D). One of the newest buildings on site, it stands next to the new red PathWest building (covered with images of red blood cells). It is also near the Lions Eye Institute (Ref 2C).

Drop-off point is right in front of the Perkins Building, near Café Anatomy. Your driver can then go and park elsewhere (see below).

By car

From the north access the Perkins Building via Aberdare Road, Gairdner Drive and Verdun Street. There is some paid visitor parking (including a few ACROD bays) nearby and a drop-off point in front of the building.

From the south access the Perkins Building via Monash Avenue and Caladenia Crescent (opposite Hamden Road). There is a row of angle-parking paid visitor bays (Carpark 3A - Ref 2E). No ACROD bays but you can see the Perkins building is close by. The path from there is accessible via ramps.

GETTING TO L I F E AT THE PERKINS BUILDING

Multi-deck carpark, access from traffic lights on Winthrop Avenue. Many bays, including ACROD, on ground floor (inside and outside) and level 1.

Cancer Centre basement car park in building DD (Ref 3C) has many bays. Follow signs on Gairdner Drive to the **underground** carpark (not the time-limited above-ground bays in front of the building).

Courtesy buggy can pick you up. Call Charlie's Chariot M 0481 438 731 (Mon-Fri 9am-4pm) or ask at the Gairdner Voluntary Group Enquiries Desk just inside the main entrance in E block.

Perkins Security Desk Tell the concierge on the ground floor of the Perkins Building that you are attending the L I F E lung support group meeting in room 612A on Level 6. You must sign in and out, and you'll be given a temporary visitor card to use in the lift. Tap the card on the red squiggle (~) before pressing 6. The meeting room is in front of you as you exit the lift. Don't forget to return the card when you sign out.

Walking route from multi-deck carpark or main bus stop

There are two easy ways to reach the Perkins Building. Head for Watling Walk, the long wide corridor linking together all the main buildings at Charlie's (see centre of map). They are both flat, with no stairs or ramps.

1. Head towards the blue lifts on Watling Walk. You will pass the red post box (your left) and the entrance to A block (Physiotherapy, your right). Walk past the blue lift lobby (your right). Pass through the automatic doors and reach the coffee cart and bright green chairs (your right). Turn right through the middle of the green chairs and go outside through the automatic doors D/E3. Straight ahead of you is the new red PathWest building, covered in red blood cells like the picture. Follow the crowd, turning left and walking around PathWest so it is on your right. Keep following the signs towards Harry Perkins Building. Go to the concierge and check in.
2. Head out to the A block drop off point C3, immediately after the A block sign. Go outside via the double doors, turn sharp left and follow the building and the crowd till you get to the rear entrance to the Perkins Building. Go to the concierge and check in. Some people find this a shorter route.
